

E.B. Horsman & Son

The Electrical Distributor of Choice!

EST. 1900

Vendor Managed Inventory

E.B. Horsman & Son is committed to adding value to the products we deliver. Vendor Managed Inventory can be approached differently based on your needs. Our process reviews your usage, frequency and receiving requirements and works with you to define your storage options, binning medium, system and management. We have several different VMI programs in place that meet your specific needs.

We use up-to-date technology to support automated replenishment and ordering process which minimizes out-of-stock or overstock situations. Moreover, outsourcing inventory management and order processing to us reduces your transaction costs and workload which frees up your internal resources.
